46th Annual Yearling Bull Sale
JANUARY 22 2024
 1 PM AT THE RANCH, ROCKHAM, SD

Selling
261 Bulls • 23 Registered Bred Heifers
2 Registered Select Heifer Calves

Welcome to the 45th Annual Edgar Brothers bull sale! We would like to thank all of our customers who have supported us and put their trust in our program. We do not take that lightly. Our family has been raising Reg. Angus Cattle for nearly 70 years. Over that many years things have changed drastically in the world, but the one thing that has stayed the same is our commitment to the cattlemen and women that make their living the same way we do. Our goal is to raise efficient cattle that work in a real world environment. We strive to make low maintenance cattle that perform on grass and in the feedlot. We feel our cattle are designed for the commercial cow-calf producer, we look for cattle who are fertile, good footed and have good bags. Once again, we will be offering more bulls than ever before. The demand for EB genetics is growing and we are doing our best to meet it. However, we will not sacrifice quality just because we can sell more animals. This offering is as good as any we have ever offered. We will be offering an outstanding set of bred heifers as well as a very nice set of heifer calves. All females will need to go to their new owners the week of the sale. Bulls will be kept at no charge until April 1st or deduct \$100 if taken home within one week of the sale. Take advantage of our volume discount starting at 3 bulls @ 3% up to 5 bulls @5%. We will be retaining 1/3 semen interest in all bulls unless agreed upon prior to the sale. If you ever have any issues with your purchases do not hesitate to contact us. Thanks and hope to see you sale day.

Suitable for Heifers

We feel this calf has earned his lead off position in multiple different areas. Starting with his mother, this being her second calf she looks like she will leave her mark on our program as well as many others. She is sired by the highly maternal EB Chrome, who is a maternal sib to last years high seller to Poss Angus. C0114 is good footed big boned has an extreme amount of shape and has an EPD profile that is safe to use on heifers without sacrificing growth.

Suitable for Heifers

R6 ranks in the top 25% for 16 different EPDs or \$Values including top 1% for \$B, \$C and 3% Marbling. What a prospect with huge genetic predictions to match his strong phenotype! He has impressed all summer and is hitting new levels of performance and phenotype as we approach the sale. Marbled meat and power are traits this calf possesses as he carries on the excellent carcass merit of his dam who currently posts a 1.9 Marbling EPD. R6 is long like his dam and thick like an Edgar bull to bring that combination to marbled pounds. Elite genetic prospect here that will be sale day favorite.

You don't find this much muscle in a negative birth weight and +17 CED bull every day! He is definitely made a little different for a sleep all night calving ease bull. His mother was a first calf heifer and will be one to keep an eye on in the future.

ANGUS 65
Member of Angus Breed

Welcome to the Edgar Brothers Annual Production Sale

Faith, family, hard work, and excellent stout cattle are what I think about when I head to Rockham, SD. The Edgar family has made a family commitment to our way of life and that is exactly what you see when you visit the ranch. No task is too big and no kind gesture is too small for them to tackle and their growing customer base is proof they represent all those great virtues.

The offering is deep deep this year! As you go through the book the muscle, performance predictions and consistent type that is needed to produce steers that perform and grade or cows that thrive is undeniable. The pedigree diversity compared to the rest of the breed leaves many options to you the buying public as the breed continues to try and find unique lines of the cattle that are different to your program. The bulls in the front end of the book are the best I have seen at Edgar Bros and the depth and size of the offering is credited to their commercial focus. I don't usually like to point out individual lots in my letter but Lots 262 and 263 are salty good on the hoof with predictions to ensure their marketing potential.

In closing as we look to the future of the cattle/beef business I believe it is rooted in family and the grit that is needed to maintain the American entrepreneurship and independence that is needed to ranch. From the head of the Edgar family to the grand kids, that spirit is on this ranch. I am honored to help support it. If I can be of assistance on any part of the offering, please feel free to contact me. 2024 has the hopes and fundamentals for rewards we have never seen. It all starts with genetics, and we would love to help.

God Bless,
Chris Earl

View the Auction Live! Bid Online!

This sale will be broadcast live on the internet.

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction – a DV representative will notify you once you have been approved.
3. Tune in for the sale to make your purchases!

For questions contact Justin Dikoff at 605-290-0635 or jdikoff@dvauction.com

What a way to start off the 2 yr old division with a son of the great 02176. We used this bull on a group of cows this spring and will have calves by sale time. He is a full brother to the high selling resilient son in the 2023 sale at \$20,000 to Fuoss Angus.

C3237 is the type of female that stings to let go of. She is as broody of a female as you will find, has an elite epd profile and is absolutely amazing from the ground up. She is backed by one of the most predictable cow families we have. Her grandmother is the mother to EB Rip. We feel C3237 is the type you can build a program around.

K3362 ranks in the top 25% for 15 different EPDS or \$values including top 1% for WW, YW and CW and top 3% HP. Classic power from the Edgar program on the bottom side of K3362 combined with one of the most progressive sires in the breed KCF Bennett Exponential. The dam of K3362 is currently a donor in the program and is recognized as one of the elite females on the ranch. K3362 has single digit predictions with the phenotype that expressed her tremendous growth. Donor prospect here as she is one of the elite prospects ever to be offered from Edgar Bros.

Bred Heifers were Bred in Multiple Sire Groups to:
